

FOR TACTICAL PILOTAGE CHARTS (TPC) SEE 2

Operational Navigation Charts (ONC). ONCs support high speed radar navigation requirements at medium altitudes. Other uses include visual, celestial and radio navigation. In the absence of *Tactical Pilotage Charts*, they satisfy DOD requirements for enroute visual and radar navigation in low altitude operations. The sheet size is 42 by 57-1/2 inches covering eight degrees of latitude. (Scale 1:1,000,000)
